WORK HISTORY

2017–2026: ZOME (Rhizomenet)

Mobile and spatial application development for the ZOME platform.

Middleware and front-end.

Cross-platform development: iOS, Android, VisionOS, Android XR.

Senior Application Developer (Middleware and UI)

- Flutter
- node.js
- Vue, React
- Kotlin
- Swift, SwiftUI
- Jenkins CI/CD

2007–2014: RMIT Training

Development and design of e-learning software, middleware, and front-end.

Maintaining, adapting, and modifying applications and content.

Technologies:

- .NET
 - ActionScript 2, 3
 - HTML5, Angular JS
-

EDUCATION

Master's Degree (with Honours)

Computer Science, RMIT, 2018

SKILLSET

APP DEVELOPMENT

- Flutter (Dart and extensive scaffolding)
- Swift
- SwiftUI
- Kotlin
- Java (legacy)
- Python (web apps)

WEB DEVELOPMENT

- React — main tool for web dev
- ASP.NET/C# — currently Blazor
- Vue — in-office application front-ends and websites
- Angular JS (legacy)

COMPUTER SCIENCE

- Algorithmic design/analysis, theory
- Thesis: Heuristic search efficiency and robotic task creation (PDDL)
- Python (staple)
- Some C

DATA (external)

- JSON
- XML
- YAML

DATA (internal)

- Encapsulation
- Overposting protection

SERVER

- Node.js (including Express)
- NoSQL (MongoDB)
- Python (Flask)
- PHP

BUILD

- Jenkins — deployment, configurations
 - Terraform — infrastructure as code
-

OTHER INTERESTS / ADVENTURES

- Unity (C#) — fun and design
 - .NET Core / Blazor
 - Gaming
-

PROJECTS

Development / Promotional Trips

- Los Angeles - ZOME

International Collaboration / Development

- Hussein Chalayan
